Petition for Rule Making
FM Channel 254A

Attachment A

Request to Reclassify
Station KURB(FM), Little Rock, Arkansas
Pursuant to MM Docket 98-93

Radio Station KURB(FM), Little Rock, Arkansas is licensed to Citadel Broadcasting Company, City Center West, 7201 W. Lake Mead Blvd., Suite 400, Las Vegas, Nevada 89128, (Facility ID 19559), FCC File No. BLH 19880727KA. The facility operates with a power of 100 kilowatts with center of radiation 392 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KURB(FM) be modified to specify operation on FM Channel 253C0 instead of on FM Channel 253C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 254A at Cave City, Arkansas, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KURB(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Cave City, Arkansas as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Citadel Broadcasting Company, as is required in the above Docket.
